Huskylock 910 Manuals and User Guides for Husqvarna Viking Huskylock 910. We have 1 Husqvarna Viking Huskylock 910 manual available for free PDF download: User ManualI need to know how to thread my Viking Husqvarna Huskylock 905/910 This is a serger sewing machine and very difficult to thread. I have had this machine for quite a while and have not had the opportunity to use it because I have no idea how to thread the machine. It is a four thread serger, 905/910 is the model number. The 936 was the first combination (serger/coverstitch) offering from Husqvarna Viking. The 910 immediately preceded the 936; I waited to buy the 936 when I was shopping for a serger and my dealer told me about the soon to be released new model.
